July 2018 – March 2019

Current Student Chapter Executives

President             Hamed Esmaeeli            Concordia University
Vice President        Mohammad Karimi       Concordia University
Secretary             Arash Mazaheri         Concordia University

Meetings

The chapter organized six meetings to cover:

✔ Monthly meeting (three sessions)
✔ Workshop organizing
✔ CITE corporation with members
✔ Traffic Bowl members selection

CITE Quebec Student Chapter Activities, Technical Seminars & Visits:

PTV VISION annual meeting
Two of the members engaged in PTV VISION 2018 in Toronto as speakers. In this conference, the international companies presented their latest products of transportation models and the results of their research. Members of ITE Quebec student chapter presented some cutting edge research topics on microscopic traffic modelling and participated in an advanced workshop on PTV VISSIM software.

Microsimulation workshop-VISSIM
The executives of Québec ITE student chapter organized two workshops on microsimulation modelling in transportation at Concordia University, Montreal. The theoretical material on microscopic modelling were presented and the participants were able to develop various traffic models in VISSIM software. It was not only a reunion of members, but also a great work on potential academic research projects and job markets.

Development of web services
In order to improve the participation of members in creating and sharing online posts, the opportunity of blogging has been added to our website. Every member of the Quebec chapter can have their own page to post new materials as well as to present their works. The most visited posts will be displayed on the first page to highlight the most exciting posts for all audience.

General Assembly Meeting
Because of the graduation of some of the executives, new students are nominated for the upcoming year election in April, 2019. The meeting gathers the members to have a reunion, to report our achievements, to present registered candidates, and to hold the election.
